

The 51st Annual World Congress of the International College of Angiology

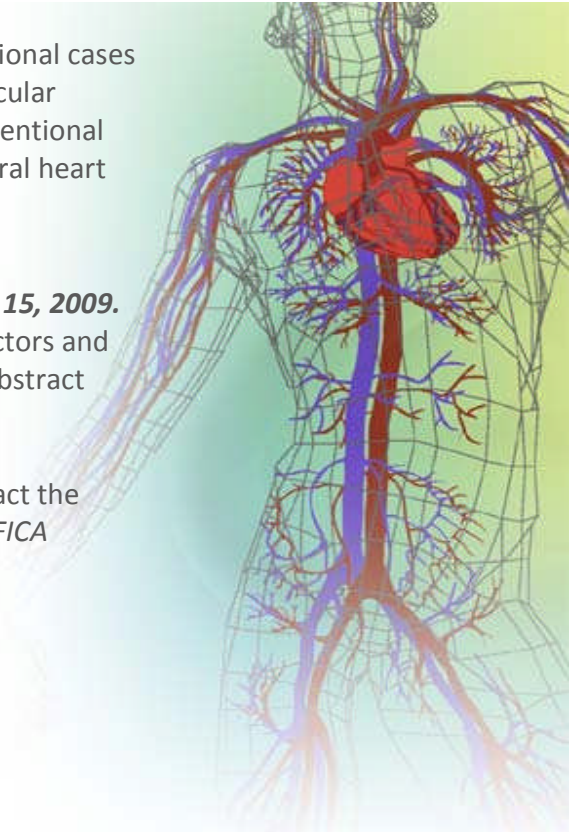

invites you to showcase interesting and challenging cases for educational purposes during our Annual World Congress

CALL FOR INTERESTING CASES!

We are seeking complex surgical and interventional cases in the areas of coronary intervention, endovascular intervention, peripheral arterial disease, interventional radiology, coronary artery disease, and structural heart disease.

Interesting cases must be submitted by **March 15, 2009**. All cases will be reviewed by ICA's Course Directors and Scientific Committee. The standard Congress abstract form must be used for submitting cases.

For inquiries and case submission, please contact the Program Chairman, *John B. Chang, MD, FACS, FICA* jbchangmd@aol.com or the ICA's Executive Office: denisemrossignol@cs.com

**51st Annual World Congress • October 24-28, 2009
Beijing, China**
